NOTICE OF PAST VIOLATION  
(Sta. S)**

Dear Mr. Stowell:

On July 7, 2005, Crown Point Cabinetry Corporation ("Crown Point") notified the New Hampshire Department of Environmental Services, Air Resources Division ("DES") that it moved its cabinet manufacturing operation in February 2005 from 153 Charlestown Road, Claremont, to 462 River Road, Claremont. Crown Point was operating under State Permit to Operate FP-S-0173 at the Charlestown Road facility for its cabinet coating process. The purpose of this letter is to notify Crown Point of the violation of NH Administrative Rules Env-A 100 *et seq.* that occurred as a result of this activity. The specific violation is as follows:

1. Env-A 603.01(a) *Permit Required*, prohibits the construction or installation of a new or modified stationary source or device, as specified in Env-A 607.01 *Specific Applicability*, prior to receiving a temporary permit to construct or install such a source or device. Although Crown Point operated under State Permit to Operate FP-S-0173 at its old location, that permit was specific to that location. Crown Point moved in February 2005 to the new location and did not apply for a permit for the new location until August 2005.

DES recognizes the effort Crown Point has made in correcting this violation. As indicated previously, on August 11, 2005, Crown Point submitted a permit application and other relevant information necessary to issue the temporary permit for the new location. DES believes that no further action in response to the listed violation is required. The new temporary permit ("TP-BP-0701") was issued on December 9, 2005 and expires on May 31, 2007. A permit renewal application must be received by DES no later than March 3, 2007. DES requests that Crown Point continue to comply with all future recordkeeping and reporting obligations contained in its permit.

If you believe that DES has cited this violation in error, or have questions regarding these matters, please contact Barbara Hoffman at (603) 271-7874, Compliance Bureau, Air Resources Division. A current copy of the Air Resource Division rules can be obtained from the DES website at <http://www.des.nh.gov/rules/air.htm>, or by contacting the Public Information Center at (603) 271-2975.

Sincerely,  
  
Pamela G. Monroe
